## Formulas | enlightenment blonding and full spectrum deep™

### Formula A (prelighten/teasylights)

- 30 g **enlightener™ powder lightener**
- 8 g **botanical repair™ professional hair strengthening additive**
- 60 ml **20 volume color catalyst™-creme**

### Formula B

- 20 g **6N**
- 1 g Dark G/Y
- 1 g Light B/Gr
- 40 ml **10 volume color catalyst™-creme**

### Formula C

- 40 g **9N**
- 7 g Light Y/G
- 1 g Light B/B
- 80 ml **20 volume color catalyst™-creme**

“The inspiration for this look was to create a dimensional, split-color effect on a hime hair cut by applying lush, uniform color through the front and ancient bronze teasylights through the long layers in the back.”

“My favorite thing about Aveda Hair Color is being able to customize not just the color, but the approach, depending on my client’s needs. I wanted to preserve her natural curls and avoid damaging them as much as possible. I was able to get the high lift I needed using a high-lift base rather than Enlightener.”
